

# Debit Card Travel Tips

Here are a few things to remember when planning to use your debit card while traveling:

- 1) Notify us or come in and fill out a Notice of Travel sheet at the bank before leaving on vacation. Shazam (the debit card processing company) does monitor your activity and if unusual or out of the ordinary activity is detected, Shazam may call you with an inquiry.
- 2) Know your daily limits. With most debit cards the standard limit is \$1,000 point-of-sale per day, of which \$200 may be taken as cash.

The daily limit at an ATM is \$210 (including ATM fees).

- 3) The Shazam customer service number (1-800-383-8000) is on the back of your card.
- 4) Monitor your account activity frequently. Sign up and use the Shazam BOLT\$ mobile app for **FREE** and receive email alerts to notify you of transactions on your debit card.
- 5) Keep our number in a convenient place in case of problems:

1-800-355-8311 or 217-563-8311
